

How to manually start a shipment

In the event a shipment is not automatically started in the system, users can proceed as follows:

1. In the Info tab, select **Ship**.
2. In the popup window, select the applicable *date and time* or *reset to now*, to ship at the current timestamp. The default will show the current timestamp.
3. Click **Confirm**.

The screenshot shows the 'Shipment name/reference' page with the 'Info' tab selected. A red box highlights the 'Ship' button in the left sidebar, labeled with a '1'. The main content area shows 'Shipment Description' and 'Shipment Status' with a 'READY' indicator. A 'Loggers' table is visible at the bottom.
